MillionICU initiative

Trials begin at K.R. Hospital

- 35 normal beds to be upgraded into step-down ICUs for critical care
- 24x7 Central Monitoring Cell to monitor multiple patients remotely
- Proposal to be sent for Government approval before implementation

Mysuru, Nov. 20 (BCT)- The State-run K.R. Hospital, managed by Mysore Medical College and Research Institute (MMC&RI) in the heart of the city, is all set to upgrade 35 normal beds into step-down ICUs to facilitate critical care.

Once implemented, the K.R. Hospital will be one among the first few hospitals in Karnataka to receive this as part of the MillionICU, an initiative that addresses the massive shortage of ICU beds and staff in public hospitals. Trial runs for the initiative are on at the Hospital since September 2021 and the Hospital is gauging the pros and cons of the system. Once the trials are completed, the proposal would be sent to the Government for approval.

There is an appalling shortage of medical staff, lack of health infrastructure, mismanagement and hence, chaos.

With over 1:40 nurse to patient ratio, the public healthcare infrastructure is already running in overdrive causing exhaustion of staff, beds without any care and high mortality.

Launched with the aim of enabling public hospitals to tide over the current COVID-19 crisis in the short-term and bring about a rapid, long-term transformation in India's public healthcare infrastructure, the MillionICU initiative will help upgrade critical care infrastructure in Government Hospitals.

This apart, a 24x7 Central Monitoring Cell will be set up at the K.R. Hospital to enable healthcare staff to monitor multiple patients remotely, from Gynaecology and Surgical ICU Departments, who were previously monitored manually only every couple of hours.

Kannada Sahitya Parishat polls tomorrow

3 in fray for Mysuru District Unit

Maddikere Gopal | K.S. Nagaraj | Bannur K. Raju

Mysuru, Nov. 20 (RK&DM)- The City and District has geared up for tomorrow's (Nov. 21) polls for Kannada Sahitya Parishat, the representative body of crores of Kannadigas. Polls for electing State President, President of District Units and President of Gadinadu Units will take place tomorrow from 8 am to 4 pm.

As far as Mysuru District Kannada Sahitya Parishat poll is concerned, there are three candidates in the fray — Former District President Maddikere Gopal, Immediate Past Hon. Secretary K.S. Nagaraj and writer Bannur K. Raju.

There are 13,760 voters in the District, including 7,781 voters in Mysuru City and Taluk, who form a major chunk of the electorate. All the voters will be issued two ballot papers — one pink coloured meant for electing Dist. President and the other one white for electing State President.

The counting of votes in respect of elections for District President will be taken up simultaneously in the City and at all the Taluk centres after the voting ends at 4 pm tomorrow and the results will be announced late evening the same day (Sunday).

In Mysuru, voting will take place at Maharani's Arts College for Women (7 booths) on JLB Road. In Hunsur, at Mini Vidhana Soudha, H.D. Kote - Mini Vidhana Soudha; Saragur - Taluk Office; T. Narasipur - Taluk Office; K.R. Nagar - Taluk Office; Bannur - Nada Kacheri; Periyapatna - Government PU College - Gonikoppa Road and Nanjangud - Mini Vidhana Soudha, in a total of 17 booths. Mysuru Tahsildar K.R. Rakshit is the Returning Officer (RO) for Mysuru while Tahsildars of respective taluks will be the ROs of all other taluks in the district.

In respect of polls for State President, there are 21 candidates in fray. State Parishat has an electoral strength of 3,10,109 voters. Counting of votes will be taken up on Nov. 24 and result will be declared the same day.

Mysuru bags five-star ranking in 'Garbage-free Cities'

New Delhi, Nov. 20 (Agencies)- Madhya Pradesh's Indore has been declared as India's Cleanest City for the fifth time in a row under the Centre's Swachh Survekshan 2021 award this morning. President Ram Nath Kovid presented Swachh Survekshan Awards-2021 as part of 'Swachh Amrit Mahotsav' to the cleanest cities and States at Vigyan Bhawan in the national capital.

Surat (Gujarat) and Vijayawada (Andhra Pradesh) grabbed the second and third positions respectively. Among Indian States, Chhattisgarh has bagged the top position as the country's Cleanest State and Varanasi got the first position in the Cleanest Ganga Town category.

Union Minister of Housing and Urban Affairs Hardeep Singh Puri presenting the citation of five-star ranking in 'Garbage-free Cities' category to Urban Development Minister Byrathi Basavaraj at the awards ceremony in New Delhi this morning. Mysuru Mayor Sunanda Palanetra, MCC Commissioner Lakshmikantha Reddy and MCC Senior Health Officer Dr. D.G. Nagaraj are also seen.

Mysuru city that was hoping for a place in the top three cleanest cities has, however, been awarded five-star ranking in 'garbage-free cities' category.

Urban Development Minister Byrathi Basavaraj, Mysuru Mayor Sunanda Palanetra, Mysuru City Corporation (MCC) Commissioner G. Lakshmikantha Reddy and Senior Health Officer Dr. D.G. Nagaraj received the award from Hardeep Singh Puri, Union Minister of Housing and Urban Affairs.

Mysuru was among eight cities in Karnataka which have qualified for a rank under different categories with others being Bruhat Bengaluru, K.R. Nagar, Periyapatna, Hubbali-Dharwad, Mudhol, Hosadurga and Kumta.

The other cities that have got five-star rating under the garbage-free city category are Ambikapur (Chhattisgarh), Rajkot (Gujarat), Surat (Gujarat), Indore (Madhya Pradesh) and Navi Mumbai (Maharashtra).

Bharat Shiksha Gaurav Puraskar for former CFTRI Scientist

Mysuru, Nov. 20- Karamveer Chakra Dr. Renu Agrawal, former Chief Scientist and Rural Programme Coordinator, CFTRI, Mysuru, has bagged the prestigious national award, "Bharat Shiksha Gaurav Puraskar" and a certificate of Education Excellence by KTK Foundation, Ministry of Corporate Affairs, Government of India (GoI).

Dr. Renu Agrawal

She received the award for her exemplary contribution, efforts and dedication in the field of education and dissemination to society. The event was held online while award was sent by post.

Dr. Renu Agrawal is an Advisor in many National Committees of Department of Science and Technology, Ministry of Science and Technology. She is working in the Consultative Group of Advisors to the Principal Scientific Advisor of GoI.

Author of many books to improve human health and agriculture, she is a reviewer of 15 International Journals and editor of 7 International Journals.

EDITOR'S BOTTOMLINE

Who are environmentalist Tulsi Gowda, transgender folk dancer Matha B. Manjamma, octogenarian Mohammed Sharif and street vendor Harekala Hajabba? All of them are recipients of the latest edition of the Padma awards, among the most prestigious civilian honours in the country. Tulsi Gowda has planted more than 30,000 saplings in her native village, Manjamma battled poverty and abuse to become a folk dancer, Sharif has performed the last rites of thousands of unclaimed dead bodies and Hajabba set up a school for underprivileged children with his meagre savings from selling oranges on the road. Until 2017, Tulsi Gowda, Manjamma, Sharif and Hajabba, to name just a few of the ordinary and unknown citizens who won the Padma awards this year, would never have dreamt of rubbing shoulders with the country's elite in the ornate and cavernous halls of Rashtrapati Bhavan. That year, the Government launched a website to receive nominations for the awards, making the exercise transparent. But more than the nomination itself, the Government changed the selection process, expanding the bouquet of recipients outside the usual politicians, bureaucrats, celebrities, Lutyens' courtiers and lobbyists to include ordinary do-gooders and change-makers. In effect, the year marked the beginning of the democratisation of the Padma awards.

Until now, it was well-known in Delhi's elite circles that other than the real achievers, months of lobbying, networking and under-the-table dealings could land one the Padma awards. The credit for this rather revolutionary shift has to be given to the current Government. In providing a level playing field, the Centre has given due recognition to the work of those in the margins. Law Minister Kiren Rijiju was not off the mark when he tweeted after the presentation ceremony that the awards could now be called the People's Padma. No wonder the loudest applause was reserved for the likes of Tulsi Gowda, who received her honour barefooted and clad in traditional attire. *—In The New Indian Express*

Why go to beach when there is a beach at home

Moscow: A Russian apartment has been getting a lot of attention on social media lately.

Featuring a floor that imitates the ocean, complete with dolphins, sea stars, seashells and other marine life, this Russian apartment put on sale for a whopping 27,499,000 rubles ($376,000) is one of the craziest-looking apartments one has seen. The 240-square-meter abode also features some wild wall decor, like a cloud-covered sky to complement the sandy beaches and turquoise water on the floor, as well as some pink furniture that seems out of place.

World's first suit made of men's mustache hair

Sydney: As part of this year's Movember, Australian menswear brand Politix teamed up with visual artist Pamela Kleeman-Passi to create a unique suit using men's mustache hair.

Movember is an annual event that encourages men all around the world to grow their mustaches in the month of November to raise awareness of men's health problems, such as prostate and testicular cancer. This year, Politix decided to do something special for Movember and decided on a wearable men's suit made using real mustache hair. It turned out to be one of the most disgusting-looking suits, but at least it's for a good cause and it's a hell of a conversation starter.

Passi was provided with all the necessary mustache hair by Sustainable Salons, a salon hair recycling programme that collects and recycles hair from various salons.

II PU midterm examination to be held from Dec. 9 to Dec. 23

Dates revised following protests by students

Bengaluru, Nov. 20 - In the wake of protests by students, the Department of Pre-University Education (DPUE) has revised the dates of the midterm examination for II PU students.

It will be held from Dec. 9 to 23, and held simultaneously for I and II year PU students.

The DPUE had initially announced that midterm exam would be held from Nov. 29 to Dec. 10, as they feared that the State would be see a third wave of COVID-19. However, II PU students were up in arms against this on the grounds that teachers had not completed the syllabi.

The Department has also decided not to conduct centralised evaluation. A circular issued on Thursday stated that the evaluation would be conducted at the College-level. Marks had to be uploaded on the SATS platform.

While the question paper for II PU students would be sent by the Department, I PU students would get the papers set by their faculty members.

REALLY...?

- *5,000 and 10,000 rupees notes were in circulation between 1954 -1978.*
- *One rupee notes are issued by the Ministry of Finance and bear the signature of the Secretary.*
- *The rupee was the currency of several other countries like Aden, Oman, Kuwait, Bahrain, Qatar, the Trucial States, Kenya, Uganda, the Seychelles and Mauritius in the early 20th Century.*
- *At one time, 5 rupee coins were smuggled to Bangladesh for making razors.*

VOICE OF THE READER

Synchronise traffic signal

near Bogadi Road and Vishwamanava Double Road junction

Sir,

The traffic signal near Manasagangothri at the intersection of Bogadi Road and Vishwamanava Double Road needs to be synchronised. Vehicles moving in opposite direction along Bogadi road only have to wait alternatively for green signal. As a result the commuters along this road have to wait for a long time before they get green signal.

Right now at this junction there are signals in three directions — namely vehicle going towards Bogadi side (Bake Point junction), vehicles coming from Bogadi side going towards MUDA junction and going towards Vishwamanava Double road.

My suggestion to the Traffic Department is to synchronise the traffic signal for those vehicles coming in opposite direction via Bogadi road so that the motorists in both the directions can commute simultaneously. This in turn will not only save time for the commuters, especially during peak hours but also reduce the traffic intensity at this junction.

Attempt to assault Hunsur CMC Commissioner

Staff, officials suspend work, complaint lodged

Hunsur, Nov. 20 (KK&KS)- The officials and staff of Hunsur City Municipal Council (CMC) suspended their work on Thursday afternoon and lodged a complaint at the Town Police Station against a CMC Councillor for using foul language and allegedly attempting to assault the CMC Commissioner.

On Thursday morning, CMC President Sourabha Siddaraju had summoned Commissioner Ramesh to her chamber and were discussing about a file during which Ward No. 8 Councillor H.P. Satish Kumar reportedly barged into the chamber, scolded the Commissioner using foul language and tried to assault him.

Meanwhile, another CMC Councillor Manu, who intervened, brought the Commissioner out of the chamber and stopped the ruckus. Other CMC officials and staff, who heard the commotion, stopped their work and condemned the incident.

The CMC officials and staff, along with Commissioner Ramesh later went to the Town Police Station and lodged a complaint. The complaint stated that CMC Councillor Satish had obstructed a Government servant from performing his duty, used foul language, tried to assault the Commissioner and created a sense of fear in the Office and demanded protection to them. Following the incident and the staff suspending their work, the CMC Office wore a deserted look causing a lot of inconvenience to the public, who had come for various works.

The officials and staff of Hunsur CMC Office said that they come from other places for work and with elected representatives showing their power on helpless workers like them, it was very difficult to work in such situations. "When a person can try to assault the Commissioner itself, we too can be victims later. Fear has gripped us especially for women staff. We can continue to work only if we are provided security," said Revenue Officer Nanjundaswamy, Environmental Engineer Roopa and other staff.

Meanwhile, CMC President Sourabha said that she was holding discussions with the Commissioner pertaining to drinking water and streetlights and were also looking into the file of the deceased staff, when Satish, in a raised voice, said that no works were taking place in the Wards and the residents were shouting on them.

She further said that Commissioner Ramesh, reacting to Satish's statements, said that he and the staff were working within the boundary of the law and added that they cannot work beyond that boundary following which wordy duel broke out between them. The CMC President said that it was she who intervened between them and stopped the fight.

Meanwhile, Satish, alleging that the CMC Commissioner had used foul language and tried to assault him, has filed a counter complaint with the Police.

On Friday, staff, who reported to work, were seen conducting their routine work in a sense of fear.

Farmer couple's Rs. 9.5 lakh land purchase money robbed from car

This is the second such incident in a month

Chamarajanagar, Nov. 20 (KS)- Miscreants, who broke the glass window of a car, have robbed Rs. 9.5 lakh belonging to a farmer couple which was meant for purchase of land. The incident took place in front of the District Administration Bhavan on B. Rachaiah Road on Thursday afternoon and this is the second such incident to take place in a month.

Nagappa and Sarojamma are the farmer couple from Acchattipura village in the taluk, who lost their money.

Nagappa, who had purchased two acre agricultural land of Yaraganahalli Beeramma, had come with his wife Sarojamma in a car to the Sub Registrar's Office. Most of the registration process was completed and the couple had decided to pay the remaining amount of Rs. 9.5 lakh to the land owner after lunch.

The couple, after keeping the cash bag in the dashboard of the car, went to a hotel on B. Rachaian Road for lunch. Meanwhile, the miscreants, who were said to be observing the couple keeping the cash bag in the car and proceeding to a hotel for lunch, broke the front left side window glass of the car and decamped with the cash.

Sarojamma and Nagappa couple, who lost their money.

Nagappa and Sarojamma, who returned after having their lunch, found the car's front glass window broken and on examining further, they were shocked to find the cash bag with Rs. 9.5 lakh cash in it missing and immediately informed the Police. The Police, who rushed to the spot, conducted mahazar, registered a case and have launched a hunt to nab the miscreants.

Circle Inspector Mahesh said that they reached the spot on receiving information and conducted an inspection. "It is yet to be known whether the crime was committed by a single person or a gang. We have commenced the investigation and the culprit will be brought to book soon," he added.

Second such case in a month: This is the second such incident to take place in a month that too in a busy place.

On Oct. 19, a teacher, who had withdrawn cash from a bank on B. Rachaiah Road, was waiting for a bus at Bhuvaneshwari Circle to go to Nanjangud, during which miscreants diverted his attention and decamped with Rs. 2 lakh cash. The culprits in this case are yet to be traced.

Meanwhile, the public accusing the Police of not being active have urged the higher Police officials to take steps to prevent such incidents from taking place in future. They also urged the Cops to immediately trace the accused, recover the stolen cash and return it to the farmer couple soon.

Obituary

Sreenivas

Mysuru, Nov. 20- Sreenivas (65), a paper agent and a resident of Raghavendra Nagar here, passed away at a private hospital in city this morning.

He leaves behind his wife, two sons and one daughter. Last rites will be performed at the foot of Chamundi Hill at 5 pm today.

MLC polls: Raghu Kautilya is BJP candidate for Mysuru-Ch'nagar seat

Bengaluru, Nov. 20 (KMS& DM)- Setting at rest all speculations on its choice of party candidates, the BJP on Friday announced its candidates for 20 of the 25 Legislative Council seats from Local authorities constituencies, for which the polls are scheduled to take place on Dec.10.

R. Raghu Kautilya

Suja Kushalappa

Bookahalli Manju

As per the announcement, R. Raghu Kautilya is the BJP's choice for the dual-member Mysuru-Chamarajanagar seat, while the party has picked Suja Kushalappa from Kodagu and Manju K.R. Pet (Bookahalli Manju) from Mandya.

Raghu Kautilya, a native of Mysuru and a close associate of former CM B.S. Yediyurappa, is currently the Chairman of D. Devaraj Urs Backward Classes Development Corporation. He had narrowly lost the last elections and the BJP has fielded him again, considering that he stands a better chance this time, with the party in power in the State.

Though there were reports of sitting MLC Sandesh Nagaraj, who had maintained a distance from his party, the JD(S), was lobbying for the BJP ticket, the party has opted to field Raghu Kautilya once again.

The party has chosen Suja Kushalappa from Kodagu, replacing the incumbent MLC Sunil Subramani. Interestingly, both Suja Kushalappa and Sunil Subramani are younger brothers of Madikeri MLA M.P. Appachu Ranjan.

For Mandya seat, the party has chosen Bookahalli Manju, a close confidant of former CM B.S. Yediyurappa. Manju had contested and lost from Mandya district's K.R. Pet Assembly segment in the 2018 Assembly polls.

As far as Hassan is concerned, the BJP has fielded H.M. Vishwanath, a veteran politician and a two-time MLA from Sakleshpur.

Excise Control Rooms set up

Mysuru, Nov. 20- As a measure for free and fair conduct of Legislative Council Polls from Local authorities constituencies, the District Administration has set up 24x7 Excise Control Rooms for receiving complaints or information about Electoral malpractices.

Accordingly, the members of the public can call these Control Rooms or the Deputy Commissioner of Excise in case they come across illegal liquor manufacturing, stocking, transportation, distribution of liquor and such other acts in respect of Liquor.

The members of the public can call Ph: 0821-2541863 or 2524060 in case they come across any illegal activities concerning manufacturing or sale of liquor. Identity of the complainant or informant will not be disclosed, according to a press release.

Five of a family killed in auto-tipper collision

Malavalli, Nov. 20 (Mohanraj& DM)- In a ghastly road mishap, five members of a family, including two children, were killed, when the autorickshaw they were travelling in, collided head-on with a tipper near Nelamakanahalli Gate on Maddur-Malavalli Road yesterday.

The deceased have been identified as Muthamma (50), President of Bandur Gram Panchayat, her daughter Basammanni (30), son Venkatesh (25), Basammanni's daughter Chamundeshwari (8) and two-year-old son.

Muthamma, President of Bandur Gram Panchayat in Malavalli taluk, had been to a temple at Maddur along with her family members in an auto on Friday. After visiting the temple, they were returning to their village in the auto travelling on Maddur-Malavalli Road in the evening, when a tipper coming in the opposite direction (travelling towards Maddur) rammed into the auto near Nelamakanahalli Gate. Due to the impact of the collision, Muthamma, Basammanni and Venkatesh, who was driving the auto, died on the spot, while 8-year-old Chamundeshwari and two-year-old kid died en route to Malavalli Hospital, it is learnt.

Temple trip proves fatal for family of Gram Panchayat President

Mandya ASP Dhananjay, Malavalli Rural CPI A.K. Rajesh and other Police personnel visited the spot.

Malavalli Rural Police have registered a case in this regard and are investigating.

APOLLO DOC TALK

Apollo HOSPITALS

HEALTHY LUNGS: "NEVERMORE IMPORTANT"

The COVID-19 pandemic made us realise several things. One of them is when something uncontrollable strikes (COVID-19 pandemic) The world will be on its knees. It has also made us realise that health is more important than anything. On the same lines, the World COPD Day theme for this year is "Healthy lungs: Nevermore important". COPD (Chronic Obstructive Pulmonary Disease) is a preventable disease causing unreasonable economic burden and reduced duration as well as the quality of life among individuals in their productive years. It is usually caused by cigarette smoking either direct or passive smoking. Other causes are biomass fuel smoke exposure like burning firewood/cow dung cakes and also due to air pollution. They cause airway bronchospasm and/or increased secretions in airways leading to chronic cough, breathlessness on exertion and later even at rest. Quit smoking, reduce exposure to pollution, diagnose yourself early and take appropriate treatment. Let us pledge to quit smoking and stay healthy for a better tomorrow. Get your lungs tested today at Apollo BGS Hospitals and consult our Pulmonologists for better care for your lungs.

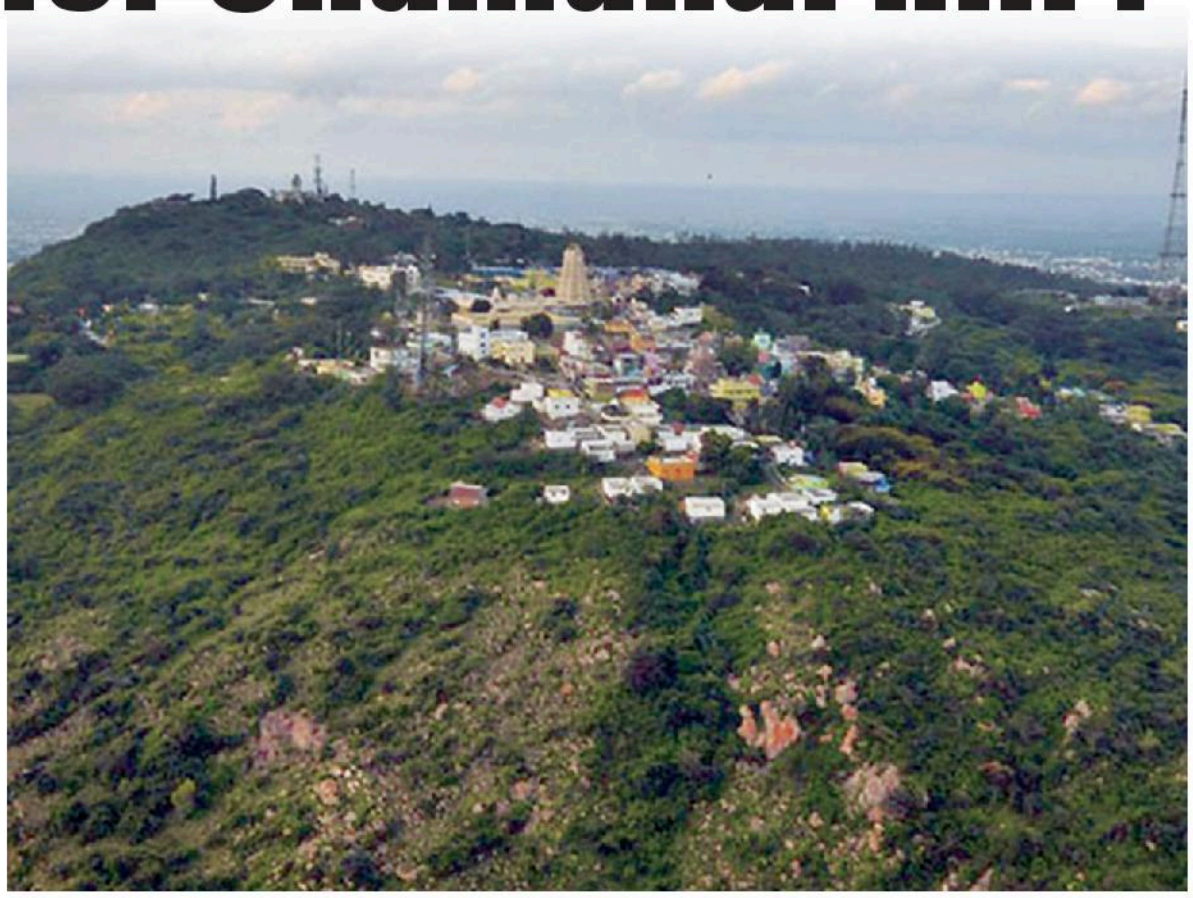
PRASHAD or Pain for Chamundi Hill ?



There was another landslide on Chamundi Hill yesterday. If this weather pattern of incessant rain continues for a few more seasons and as more and more water is held in the soil, there will be many more landslides on the Hill in the coming years.

In the meantime, we devotees can't help but worry a little, wondering if the land under our feet will slide as we visit Goddess Chamundeshwari for her *darshan* and *prasad*. But it seems the Government is confident that all is well and is ready to bless us with its PRASHAD.

All Governments love acronyms and the Central Government has a perfect one for temples — PRASHAD — Pilgrimage Rejuvenation And Spiritual Heritage Augmentation Drive (PRASHAD). Phew! It feels like reciting a long mantra!

The Centre has chosen our Chamundeshwari Temple atop Chamundi Hill to be "developed" under this scheme. One would say that's good news. But whenever we hear of development on the Hill, we get worried. And we have a good reason, too, considering the slow growth of concrete jungle on the hilltop.

Now, with PRASHAD, we are heading for the age-old battle — Development Vs Non-Development. When in fact, it should be "Scientific" Development Vs "Unscientific" Development.

There was an advertisement in *Star of Mysore* recently by Mysore Grahakara Parishat (MGP), the NGO that deals with consumer issues, requesting people to sign a petition on *change.org* to "Save Chamundi Hill." But the petition failed to mention "Save Chamundi Hill from what specifically?" From PRASHAD, it said. But...

First, people need to know what is PRASHAD and what plans it has for Chamundi Hill.

The PRASHAD scheme says that it "offers a tremendous opportunity to undertake infrastructure developments at important pilgrimage and heritage destinations in an inclusive, integrated and sustainable manner that focuses on livelihoods, skills, cleanliness, security, accessibility and service delivery." We wish there was "eco-sensitive" too in there somewhere. But thankfully "sustainable" has found a place.

Initially, i-DeCK, the State Infrastructure Company gave a proposal but it was rejected by the Centre. But now a Bengaluru-based Architecture Company has submitted a concept note which the Government has agreed to review. That is all. And already protests are being called for.

But is it protest worthy yet, considering it is still a concept note and local stakeholder meeting has not been called yet?

The concept note sounds very grand and has too many ideas it wants to implement. It proposes: Putting up traditional structures where vendors are already selling temple-related goods; Developing the "precinct of Mahabaleshwara," the temple next to the main one; Improving the path and access to Narayana temple precinct, which is also close to the main temple; Repairing the *Dibbana* steps; Setting up a *Bhajane* centre where the old parking lot near the temple now sits. Also, there is a grand entrance that will lead to the temple from the Mahishasura Statue.

There is even a bold claim that the "Existing disorganised, commercialised precinct" would be converted into a "Sacred Complex." What does this even mean? God only knows.

Then the plan includes improving the Nandi area, adding a few rest-stops with water and toilet facilities along the hillsteps, highlighting the importance and heritage value of religious structures which are found as one climbs the steps, installing handrails, reviving Devikere, putting up changing rooms there, accentuating the gateway to the temple precinct at the foothills, provision of centralised ticketing centre at the foothill, smart parking on the hill which indicates parking spaces available.

The proposal has the Inner and Outer Precinct concept. In the Outer Precinct, which is the space outside the core hill temple area, there will be an Elderly Care Centre, a Facility for Women and Child Care, Resting places, a Facility Centre for drivers, Hazard Alert and Rescue Centre.

The Inner Precinct, the core temple area, will have a Drinking water facility, Resting place along the walkway to temples, Toilets and Washrooms with locker facility, Space to chant and meditate, Silent Zones etc... the list goes one.

It also talks about ways to handle garbage and sustainability such as Provision of centralised Waste Management system, Smart bins, Segregation area and even proposes a "ZERO waste temple campus." It talks about providing Solar enabled lighting, Water recharge and collection pits and Recharging the historic wells and reservoirs. It then talks about beautification of View Points using traditional style of architecture etc...

While many of these services are meant for devotees and are indeed helpful, some seem unnecessary and unrealistic. First, the Narratorium. What is Narratorium? Well, it's a place where stories are told using objects and narration. And there is a proposal to build a Narratorium which tells the story of the Wadiyars of Mysore etc. This will come up at the Entrance Arch at the foothill.

Also close to the Narratorium, there is a proposal for Ecology Conservatory and Tree Species Museum where inherent plant species which are present in the hill ranges will be exhibited as a live tree museum within a green-house.

The proposal is extensive and almost seems "fantasy" like. We say fantasy because it leaves one wondering can all this be built with just Rs. 40 crore?!

Our guess is that our Government has indulged in an old trick — Give an over-estimated proposal so they get enough money to at least execute 20 percent of the proposal. And if this 20 percent includes clean toilets, structured pathways around the temple and basic beautification, then there is no harm. Looks like this is what is going to happen.

Chamundi Hill is not just like any other tourism centre, as PRASHAD itself says "Religious tourism destinations are not like holiday/leisure tourism destinations, which are primarily targeted at the segment having inclination to travel and spend."

So let's provide basic service to devotees; there is no need to turn it into a commercial hub. Maybe with Rs. 40 crore, we can have a clean, structured temple complex with basic services. And that's enough.

For now, the signature campaigns have begun as it should. But more importantly, Mysureans must and should participate when the local stakeholders' meeting is held soon. Here we must question the project's scope and express all our fears about unscientific development, if any, that will make our Hill very ill turning this PRASHAD into PAIN or worse POISON!?

MillionICU initiative: Trials begin

(Continued from page 1)

The Cell will come up at the teaching hospital of MMC&RI on a trial basis and the process has been given a head start.

Upgrading critical health infrastructure

The MillionICU initiative is an effort to leapfrog the critical health infrastructure and empower Government Hospitals with step-down ICU beds. The initiative aims to dramatically increase the number of HDUs with centralised patient monitoring at the Hospital and make critical care more easily accessible and available to the needy, when they need it the most.

The initiative has been launched by Dozee, a contactless remote health monitoring start-up. Dozee was started in 2015 by IIT graduates Mudit Dandwate and Gaurav Parchani.

"We are implementing the process as part of the trial run and the equipment supplied by Dozeee will be with us for the next two to three months and once we are satisfied with the process, we will send the proposal to the Government. If it is approved, the K.R. Hospital will purchase the system," K.R. Hospital Medical Superintendent Nanjundaswamy told *Star of Mysore*.

Dr. H.G. Manjunath from the Department of Anaesthesiology, giving demo.

AI-powered triaging system

Dozee's contactless sensors feature an AI-powered triaging system that enables continuous (more than 100 times per hour) and accurate monitoring of a patient's heart rate, respiratory rate, and other clinical parameters like sleep apnea and myocardial performance metrics without coming in contact with the patient.

Under the initiative, hospital beds will be installed with the Central Monitoring Cell which will help in saving crucial nursing hours and on an average, Dozee saves around 30 min of nursing time per patient per day. The constant stream of patient data aids the medical staff with early detection of patient deterioration and notifies the care team of any abnormalities before it becomes critical.

Custom alerts

Custom alerts can be set for every patient, helping doctors optimise treatment plans, focus on deteriorating patients and provide improved proactive care.

"Dozee is helping us to upgrade the step-down ICU infrastructure and we are already seeing the benefits of the deployment. We are happy to now serve more patients and have a greater impact on their recoveries while keeping themselves safe and saving precious time," said MMC&RI Dean and Director Dr. C.P. Nanjaraj.

Adopting newer technologies

"Learning from the experience of dealing with COVID pandemic, hospitals across the country are now preparing to monitor a large number of patients in real-time. Hospitals are looking for newer technologies that can cover more patients for monitoring and treatment, helping healthcare workers manage time and resources better. In Karnataka, the MillionICU has upgraded Victoria Hospital, Charaka Hospital, Jayanagar General Hospital, Mysore District Hospital, BRIMS Bidar, KIMS Hubballi and SIMS Shivamogga and plans to install 500 more healthcare devices in the coming months.

Dr. H.G. Manjunath from the Department of Anaesthesiology, Prof. Suneetha, HoD, Department of Medicine and Dozee CEO and Co-Founder Mudit Dandwate were present during the launch of the initiative.

Eshwarappa says BJP hopeful of bagging 17 seats

Mysuru, Nov. 20 (MTY&DM)-RDPR Minister K.S. Eshwarappa, who heads one of the four Party teams formed in respect of MLC polls, said that the BJP is hopeful of bagging at least 16-17 out of the 25 Legislative Council seats from Local Authorities Constituencies, the polls for which will take place on Dec.10. He was addressing a press meet at the BJP Office in Chamarajapuram here this morning on the party's campaign and preparedness for the Legislative Council Polls from Local Authorities Constituencies, scheduled to take place on Dec.10.

Contending that the BJP's programmes and plans for the welfare of the people will hugely help in the MLC polls, Eshwarappa made a scathing attack on Opposition leader and former Chief Minister Siddharamaiah and as well as another former Chief Minister H.D. Kumaraswamy. Accusing the two leaders of making irresponsible remarks against the BJP, he said that the voters will teach them a lesson in the forthcoming Assembly polls.

District BJP President Mangala Somashekar, City President T.S. Srivatsa, former MLC and BJP Spokesperson Ashwathnarayan and other leaders were present.

Shobha Karandlaje remains silent

Union Minister of State for Agriculture Shobha Karandlaje, who is most vocal when she addresses any press meets or public gatherings, was completely silent today, much to the surprise of everyone. Although she was persistently asked questions on the Centre's sudden decision to withdraw the three Farm Laws as announced by Prime Minister Narendra Modi yesterday, Shobha refused to be drawn into any conversation on the issue and remained silent throughout the press meet.

Somashekar evasive on Dinesh Gooligowda

When asked why his Special Officer on Duty Dinesh Gooligowda opted to contest the MLC polls on a Congress ticket from Mandya district, Minister S.T. Somashekar said that Dinesh is free to contest the polls anywhere and from any party.

Maintaining that Dinesh Gooligowda has been relieved of all his official duties and responsibilities, the Minister said that he has informed everything about the matter to the Party's State-in-charge Arun Singh and other top leaders.

When told that Dinesh could have been given the BJP ticket considering the fact that he (Dinesh) was serving for a BJP Minister, Somashekar, perhaps with a slip of tongue, said he learnt that Dinesh was contesting on a Congress ticket following an advise by former CM S.M. Krishna. When asked why Krishna, who is with the BJP could ask Dinesh to contest from Congress, Somashekar was evasive and refused to speak anything further on the issue.

Rain havoc in district

3 killed, 1,994 houses, 500-km roads, 67 School buildings and 33 PHCs damaged

Mysuru, Nov. 20 (MTY&DM)-District Minister S.T. Somashekar today said that he has directed the District Administration to take up rain relief measures on a war-footing. He was addressing a press meet at BJP Office in city this morning.

According to the report from the District Administration, 500 hectares of crops have been destroyed and 1,994 houses have suffered damages in the district so far due to rains, he said adding that out of the 1,994 houses, 87 were completely damaged and 1,907 were partially damaged.

Continuing, Somashekar said that 500 kms of roads across the district have suffered extensive damages, while 67 school buildings and 33 PHC buildings have suffered damages of varying nature. Noting that three people have died in the district due to recent rains, he said that the District Administration is taking all possible steps to address people's problems and woes triggered by incessant rains.

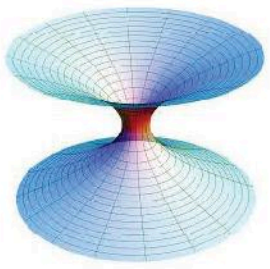
Place: Mysuru, Dated:12.11.2021

WORD OF THE DAY

Wormhole



Pronunciation: WERM-hohl.
Meaning: A wormhole is a hypothetical structure of space-time that is envisioned as a long, thin tunnel connecting points that are separated in (well) space and time.
Origin: If you associate wormhole with quantum physics and sci-fi, you'll probably be surprised to learn that the word has been around since William Shakespeare's day. To Shakespeare, a "wormhole" was simply a hole made by a worm, but even the Bard subtly linked wormholes to the passage of time; for example, in the poem The Rape of Lucrece, he notes time's destructive power "to fill with worm-holes stately monuments." To modern astrophysicists, a wormhole isn't a tunnel wrought by a slimy invertebrate, but a theoretical tunnel between two black holes or other points in space-time, providing a short-cut between its end points.
Example: "Imagine space as a vast sheet of paper. You live at one end and you want to travel to the other end. Ordinarily you'd have to trudge across the entire length of the page to get there. But what if you folded the paper in half instead? Suddenly, where you are and where you want to be are right next to each other. You simply have to jump that tiny gap. We call these objects wormholes because it is like a worm trying to navigate its way around an apple. To get from the top to the bottom it has two choices: Crawl around the outside, or chew a shortcut through middle." — Colin Stuart

THE ODD WORD

Wafture

Act of waving or wafting.

PHRASE OF THE DAY

As blind as a bat

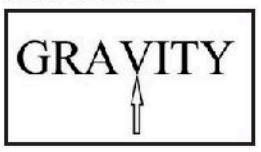
Meaning: 'As Blind as a Bat' refers to someone who is unwilling to recognise bad things, or someone who is completely blind.
Origin: Though some species have poor eyesight, particularly during daylight hours, bats aren't truly blind. However, this wasn't common knowledge in the days of the origin of the idiom 'as blind as a bat.' The term is attributed to a similar one by the famous Aristotle; he wrote: "For as the eyes of bats are to the blaze of day, so is the reason in our soul to the things which are by nature most evident of all."
Example: "Will is so in love, he is as blind as a bat when it comes to Kate's rude behaviour."

QUOTE BOX

Living is easy with eyes closed. — **John Lennon**

RIDDLE THIS

Solve the rebus:



Answer: Centre of gravity.

Sudoku is a number-placing puzzle based on a 9x9 grid with several given numbers. The object is to place the numbers 1 to 9 in the empty squares so that each row, each column and each 3x3 box contains the same number only once. The difficulty level of the Concept is Sudoku increases from Monday to Sunday.

CRYPTOQUIP

The Cryptoquip is a substitution cipher in which one letter stands for another. If you think that X equals O, it will equal O throughout the puzzle. Single letters, short words and words using an apostrophe give you clues to locating vowels. Solution is by trial and error.

In Loving Memory

15.2.1957 **PETER** 21.11.2019

Every person has to die one day and it's the bitter truth of life. But I can't comfort myself. My eyes filled with tears when I think that you have gone for ever.

Wife - Maria Peter
